

I am concerned about Sinclair Broadcasting's plan to air an anti-Kerry movie and forcing their stations to pre-empt local programming just before the presidential election. Sinclair uses the public airwaves for free. It is undemocratic that a large corporation has this much influence over the public airwaves that it can pre-empt local programming which serves the public interest much more so than the propaganda it purports to show. I believe it also amounts to electioneering which is illegal. We need to do more when licensing to prevent large corporations from basically having a monopoly over our public airwaves.

Thank you,

Sincerely,
